Dorset Council Introduces Lifetime Dog Registrations

Dorset Council today announced the introduction of Lifetime Dog Registrations for Dorset dog owners.

Life Time Dog Registrations are now available to dog owners whose dog has been micro chipped and de-sexed at a cost of \$170. The rate is discounted for pensioners to \$100 and a refund of \$70 will be available if the dog passes away or if the dog relocates from the municipality within 3 years of the registration date.

Dorset Council Animal Control Officer Wayne Churchill said that Annual Registrations are still available and details can be found on the Dorset Council website.

“The main benefit to dog owners will be convenience; they will no longer have to go through the process of registering their dog every year and it will save money in the long run.”

Council provides a range of services to the community in relation to dogs; including the relocation of dogs, dealing with complaints and the regulation of dog kennels. The purpose of dog registration fees is to obtain a contribution from dog owners towards the cost of providing these services.

“Council conducts a number of community programs to better educate the community on responsible pet ownership including micro chipping and dog registration days throughout the municipality, the Delta Dog Safe program which visits local schools, and the free community event in Bridport in March Dogs Day Out.” Mr Churchill said.

It is mandatory that dogs are micro-chipped and all dogs over the age of six months are required by law to be registered with their local council.

The 2013/14 Schedule of Fees payable under the Dog Control Act 2000 is available on the Dorset Council website at www.dorset.tas.gov.au or by calling Council on 03 6352 6500. For information on micro chipping or de-sexing dogs, please contact the Scottsdale Veterinary Clinic on 03 6352 2996.

Sharing food

A warm welcome outside Ringarooma market

Recently, after being inspired by a [Sprout Tasmania](#) field day and the notion of regional food security, we decided to explore our neighbourhood markets.

We discovered that local markets are so much more than a just a place to buy stuff. ..

Having fun!

Home baked cakes, biscuits & slices; and preserves are a feature of Derby & Ringarooma markets.

But be warned—you need to arrive early. By 10 am there are many empty plates. The sponge cakes are a legend!

In fact we enjoyed the experience so much we decided to get involved.

We launched “James’s Fresh Produce”. Our aim is to learn more about growing our own vegies and to share our excess production. Mind you James’s enterprise is pretty small; but what it lacks in commercial scale is made up with by fun! It’s a low risk environment to learn about marketing & sales.
