LOCAL VOLUNTEER WINS AWARD

NORMA BAKER recently received the 'NRM South: Environmental and Animal Care Conservation Award'.

Born and raised in Tasmania, Norma began caring for native animals from a very young age. A move to Adelaide and married life resulted in her caring role change to mainly tending injured birds.

Returning to Tasmania 18 years ago she again began caring for injured local fauna. These have included wallabies, wombats, possums, sugar gliders, kangaroos and even a platypus.

Wombats are the longest residents with return to the wild taking up to two years but part of the time is spent away from Norma's property at other properties where they adapt back to their natural habitat.

Funding is not provided for any of this work or the supplies needed so Norma is always pleased to receive any assistance such as dry food, silverbeet or carrots to feed to the orphans.

Scallop Fiesta Rivalry (Cont'd from pg2)

Knives are out for a great scallop split-off This could be the team to carry the hopes of Bridport into the Splitters' Challenge as part of the Tassie Scallop Fiesta on Sunday 5 August.

Karen Hayes, Sue Harrison and Jayden Burrows have just returned to splitting duties at Allan Barnett Fishing Company with the arrival of pre season survey shellfish. They reckon they're up for the test against the best splitters that the Stanley Fish processing factory has to offer.

There will be a team event and individual events with \$700 up for grabs for the fastest and cleanest splitters, thanks to generous sponsorship from Wanda Campbell, who is the daughter of a one-time splitter.

The scallop meat produced from the races will be available for use by the panel of celebrity chefs, who are unanimous in praise of the freshest ingredients obtainable.

BRIDPORT FUN RUN 2018

SPONSOR STUMPS UP A FUN RUN TEAM

The key sponsor for the Musselroe Wind Farm Bridport 10+ Fun Run is putting its muscle where its money is for this year's event in late October.

The company will have a team of four runners competing and hopes that other corporates also consider taking up the challenge.

Musselroe Wind Farm's manager of Health, Safety and Environment, Chris Sims, said his colleagues had been fleet of foot as he tried to round up a team in the office, "so we should be a force to be reckoned with. Actually there are a number of people, who like to keep fit so it will be good to be part of a team to add to the interest and the fun of the run and it would be great if we could encourage a bit of company or sporting club rivalry. We're all about encouraging community involvement in healthy activity in a clean environment," Chris said..

The run is held around the Bridport Walking Track, completely circumnavigating Bridport and aptly dubbed: **"THE PRETTIEST FUN RUN UNDER THE SUN"**.

Run co-ordinator Gina Scott said the Musselroe Wind Farm Bridport 10 + Fun Run would be held on Sunday 28 October. "We should top 150 entries this year after a field of 148 took the starter's gun last time. We'll also have a junior 2 km participation run again along the foreshore track after its introduction last year almost overwhelmed us with more than 60 under 12s entering."

The Musselroe Wind Farm Bridport 10+ Fun Run will be held from 10 am on Sunday 28 October at the Village Green

UPDATE FROM THE MEN'S SHED**NORTH EAST FIELD NATURALIST CLUB**

Sarah Courtney enjoyed morning tea at the Bridport Men's shed. It was a good turn out from the members that are still here and not traveling on the big Island.

The meeting on the 18th June was followed by lunch. Bob Child cooked a great BBQ.

Our annual meeting is on the 16th of July. All positions apart from the secretary are available. One suggestion is the appointment of a coordinator to assist the President by keeping records of jobs that need to be done and/or finished.

Please attend our meeting and help get a new committee up and running for the next year.

REMINDER: Memberships for next year are now due .

A WALK IN DUNCRAGGEN RESERVE

Few people know of the nearby Duncraggen Reserve, about seven kilometres from Bridport. The North East Field Nats recently did a walk there on that lovely calm Saturday recently when the temperatures were really mild. The Brid River winds through the Reserve with White Gums dominating the riparian vegetation. Although there are many attractive spots along the Brid River, some of them are, unfortunately, spoiled by illegal firewood cutting.

As spring is the usual time for orchids, it was a bonus for members when someone spotted a colony of autumn flowering helmet orchids along the track.

Rather than an outing, the club will hold a meeting in the Bridport Hall on July the 14th starting at 11am, when presentations will take the form of members' showing pictures and talking about their experiences in nature.
